

C. OF C. REVIEWS  
BUSY YEAR OF  
TOWN SERVICE

For use in connection with the current membership drive being conducted by the Gettysburg Chamber of Commerce, mimeographed sheets have been prepared by the secretary, Mrs. Helen Snyder, listing the activities and accomplishments of the chamber during the past year.

Heading the drive, as chairman of the membership committee is William A. Weaver. Other members of the committee are Daniel E. Teeter, Nick A. Meligakes, Glenn C. Bream, Clyde R. Lenhart, Charles Lauer, Earl Forrey and Morris Gittlin. Goal of the campaign is at least 100 members. The 1946 membership was 90.

Under the heading "Highlights For the Year 1946" the following are listed:

**Distributed Travel Folders**  
Twenty thousand folders describing Gettysburg and the battlefield were sent to schools, tourist cabins, motels, hotels, auto clubs, etc.

Approximately 650 requests were received for literature and miscellaneous inquiries regarding positions of monuments, requests from G.I.s seeking homes and farms and from professional men desiring to locate here.

"At least" 50 requests were received for vacant factory buildings, "all of which have had considerable investigation, but there being no buildings available had to be tabled for the present."

**Many Activities**  
Collection was made of approximately \$500 for the Pennsylvania Free Roads organization to combat additions to the Pennsylvania turnpike until after improvements are made to free roads.

Spanish War Veterans were aided in convention plans; Blue and Gray band assisted; testimonial dinner given for the high school basketball team; 5,000 pamphlets on Gettysburg and Adams county printed; location of new jail along Biglerville road opposed; voted in favor of daylight saving time; V-J Day committee named and \$500 raised.

Other activities shown are: Mem-

SAYS FINLAND  
HARD PRESSED;  
WITHOUT TRADE

Finland is the most hard pressed of all Scandinavian countries, Dr. Carl C. Rasmussen, member of the Gettysburg Lutheran Theological Seminary faculty declared Monday evening in an address before the local Rotary club at its regular meeting in the YWCA.

The Lutheran educator recently returned from a three months' tour of Denmark, Norway, Sweden and Finland at the direction of the United Lutheran Church in America. His assignment was to make a survey of theological writings by Lutherans in those countries during the war period and to bring back those books he felt worthy of translation and publication here. He brought about 20 volumes to the U. S. and at present is working on translations for two of the books, he told the Rotarians.

"The poverty of most of Europe was visible not only in England, but particularly so in Denmark," Doctor Rasmussen said. He had previously visited Denmark in 1939. Then he said "the stores were jammed with merchandise. Now only two or three articles might be seen on the shelves in a store."

Reserves Decision  
In Mortgage Case

Decision was reserved by Justice of the Peace John H. Basehore, Monday afternoon in the case of Stanley Boltz, Gardner R. D., charged with a violation of the chattel mortgage act by the Arenasville National Bank, following a hearing late Monday.

Basehore said that Boltz was charged by the bank with failing to pay on a loan made by the bank on an automobile and house trailer. He said the bank had recovered the latter.

HOME FROM SERVICE

Cpl. Walter C. Kuhn, son of Mr. and Mrs. George E. Kuhn, Gettysburg R. 5, has returned home after 19 months in the service. Thirteen months were spent overseas, Kuhn having been stationed at Udine, Italy.

EQUAL '45 FIGURE

Seventeen marriage licenses were issued by the office of the county clerk during January, a number equal to the licenses issued for the same month in 1945, and four less than the number issued in December.

To Speak At Youth  
Rally Here Thursday

DR. KASE

Dr. Edmund H. Kase, Jr., of the Wilson College faculty, Chambersburg, will be the speaker for the Youth Rally to be held Thursday evening, 7:30 o'clock, at the Church of the Abiding Presence.

Dr. Kase's subject will be "We Want to Do Something About It. Do You Mean It?" Special music will be rendered by the Gettysburg High School chorus under the direction of Richard B. Shade. The Rev. Howard McCarney, Gettysburg college chaplain, will preside at the rally.

WOMAN DRIVER  
HELD FOR COURT  
IN FATAL CRASH

Mrs. Lloyd Richardson, 40, Gettysburg R. 3, was held for court on an involuntary manslaughter charge growing out of the traffic death of Clement A. Hartman, prominent 82-year-old nurseryman and fruit grower, following a hearing Monday evening before Justice of the Peace John H. Basehore. She posted \$1,000 bail after the hearing.

Testimony was presented at the hearing concerning the fatal accident at Cashtown by State Police- man Frank Yercavage, who investigated the accident; Mrs. Grayson Fox, near Cashtown, an eyewitness, and Mrs. Bernan Baker, Biglerville R. 2, who was in a car near the accident scene at the time it occurred.

**Dismissal Asked**  
Franklin R. Bigham, attorney for Mrs. Richardson, moved that the case be dropped following completion of the commonwealth's testimony. He argued that there was no evidence to show that an involuntary manslaughter case should be brought.

Mr. Hartman died at 10:03 o'clock on the morning of January 23 from the effects of a fractured skull, fractures of the legs, internal and other injuries received when he was struck by the car operated by Mrs. Richardson as he attempted to cross the Lincoln highway in Cashtown at 5:40 p.m. January 22.

During the hearing Officer Yercavage and Attorney Bigham entered into a long discussion concerning whether an 80-foot skidmark on the highway had been made by the Richardson car as it attempted to stop and what conclusions could be drawn from the skidmark, provided it was made by the Richardson car.

Girl Marries Here  
On 16th Birthday

Miss Dorothy May Morgan, daughter of Mr. and Mrs. Earl Morgan, Taylorsville, Md., celebrated her 16th birthday today by marrying Norman Albert Becraft, Jr., 17-year-old Woodbine, Md., garage worker. Becraft is a son of Mr. and Mrs. N. A. Becraft, Sr., of Woodbine.

The ceremony was performed in the parsonage of St. James Lutheran church at 11:20 o'clock this morning by the Rev. Dr. Ralph R. Gresh, pastor of the church. The single ring ceremony was employed. The wedding was witnessed by members of the immediate family.

Miss Morgan, who applied for the license while still 15, is the youngest girl to be married in the county in some time. The couple secured a marriage license at the office of the clerk of the courts here this morning.

HAD NO LICENSE

Robert S. Beharry, Gettysburg college, has been charged by state police before Justice of the Peace W. D. Brown, Straban township, with driving without an operator's license.

SNOW PLOWS OUT

The local state highway department this afternoon sent plows out to push slush from the main highways to prevent expected cold weather tonight from freezing the slush on the roads. Cidering crews were also active.

"Save Money." Insulated brick siding is the answer. Beautiful red or red blend. Applied immediately. Citizens Oil Company.

BROTHERHOOD  
WEEK TO BE  
MARKED HERE

S. Howard Patterson, professor of economics at the University of Pennsylvania, Philadelphia, will be the speaker here February 16 at the annual Brotherhood Week program presented by the Gettysburg Religious Laymen's Association.

Dr. Norman E. Richardson, chairman of the Brotherhood committee of the local group, said today that Mr. Patterson had accepted the invitation to speak at a county-wide rally here during a telephone conversation between members of the Brotherhood committee and the Philadelphia educator Monday evening.

At the committee session Monday the use of the Majestic theater for the program, scheduled for presentation at 8:30 o'clock in the evening, was secured. The rally is to be held following the regular Sunday evening services in the county churches.

**Chorus Will Sing**  
Doctor Richardson said that Patterson is an "excellent speaker" whose most recent talk given in this section was at a meeting of the Association of Liberal Arts Colleges of Pennsylvania held recently at Harrisburg.

Another meeting of the Brotherhood committee is to be held February 11 at the Chamber of Commerce offices to complete plans for the program.

A chorus is being secured to provide music for the program to which all men and women in the county are being invited.

LIONS TOLD OF  
PSYCHOLOGY IN  
WORLD WAR II

"Wars begin in the minds of men and for the most part modern warfare is fought in the mind," Dr. Kenneth Smoke, head of the department of psychology at Gettysburg college, said in an address before the Gettysburg Lions club at the Shetter House Monday evening.

Speaking on the topic "Psychology in World War II," Doctor Smoke said that while actual combat and the destruction that went with it finally determine the issue, modern warfare is in large part psychological.

Mentioning a few of the many applications of psychology to the problems of war, Doctor Smoke said psychologists never before were confronted with a job of such dimensions as that of trying to fit 12,000,000 men into the right jobs in the interest of wartime efficiency. "By and large they did a pretty good job of classifying the men although

ASSISTANCE BD.  
AND STAFF DINE

The Adams County Board of Public Assistance and office staff held a dinner-meeting at the Olde Homestead, York, Monday evening, for the purpose of discussing the administration of the association in Adams county.

M. Stuart Danner, chairman of the board, arranged for the transportation by bus.

Mr. Danner gave high praise to the local staff for its "fairness and courtesy which is largely due to the efficient and conscientious staff." He also complimented the staff for its careful handling of applicants and recipients of assistance.

Board members discussed problems from the lay standpoint while the staff contributed with the experience gained on individual jobs. Mrs. Donald Myers, director, expressed the opinion that meetings of Monday's type are of much benefit to both groups.

Board members attending included Mr. Danner, Mrs. R. S. Saby, Harold Reuning and J. D. Miller. Miss Margaret Swiggard, field representative, Harrisburg, was also present. Members of the staff, in addition to Mrs. Myers, who attended were Miss Virginia Wright, Mrs. Henry T. Bream, Mrs. Stanley Whitson, Miss Grace Waltemeyer, John Kendlehart, Mrs. Pius Topper, Miss Ethel Sanders and Mrs. Merion Bushman.

Joseph Rosensteel  
Improving Slowly

Joseph Rosensteel, who suffered a broken back and several broken ribs in an automobile accident between Hanover and Cross Keys last November 17, is recuperating at his home at the National Museum, Taneytown road.

Mr. Rosensteel is permitted to sit up, wearing a heavy steel brace, for a short period each day. He said he expects to start walking a little within ten days or two weeks.

Dollar Day Saturday

Approximately 40 local merchants are cooperating in the first Gettysburg Community Dollar Day to be held since 1943, a survey of the local merchants revealed today.

Most of those queried said they believed the Dollar Day to be held Saturday, February 8, will be the biggest consumer event ever held in the borough, even exceeding the 39 previous semi-annual Dollar Days held prior to 1943 when wartime-included shortages halted the classic sales.

Saturday's event will also mark resumption of the semi-annual feature of clearing the shelves of merchandise preparatory to getting in spring supplies and in addition the merchants are planning to place large quantities of year-around staples on sales as well.

A special Dollar Day edition of The Gettysburg Times containing news and display advertisements outlining the bargains that are to be offered will be published Thursday.

SPECIAL FILMS  
TO BE SCREENED  
FOR CHILDREN

A series of special weekly motion pictures, planned to provide children of this community with clean, wholesome entertainment, will begin Saturday morning, February 15, at the Majestic theatre.

The project, under the joint sponsorship of the Woman's club of Gettysburg and Sydney J. Poppay, manager of the Majestic theatre, is designed to bring to Gettysburg well known children's stories which attained screen popularity some time ago.

The plan has been underway in many of the larger cities and has achieved instantaneous approval and popularity. The Woman's club, and the theatre management feel that the same program will be approved by the children of this community as well as their parents. The Woman's club will not receive any financial return from the Saturday morning shows. The club committee will assist Mr. Poppay in selecting the films.

Mr. Poppay said that he will present the two-hour Saturday morning shows, beginning at 10 o'clock at the nominal cost of sixteen cents per child.

**Select Special Films**  
The first screening on February 15 will be "The Hoosier Schoolboy" starring Mickey Rooney and Anne Nagel.

Other films to be shown on subsequent Saturdays will be "Mrs. Wiggs of the Cabbage Patch," "Song of the Open Road," "The Prince and the Pauper," "Little Miss Marker" and "Anne of Green Gables."

These films are revivals of the best type of pictures and will be new to most of the present younger generation and will be of equal interest to the parents.

Gettysburg is the first of the smaller towns to inaugurate the program which has the endorsement of the Johnston Office of the Motion Picture Association. The pictures will be secured from the Children's Library of films specially designed for children.

The project will be continued for six consecutive Saturdays and if the films prove sufficiently popular the series will be continued.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. John M. Hock, Jr., college campus, announce the birth of a son at the Warner hospital this morning.

A daughter was born this morning at the hospital to Mr. and Mrs. Charles Glass, Taneytown R. 2. Dr. and Mrs. Harold Heiges, of Washington, D. C., announce the birth of a daughter Monday at Sibley Memorial hospital. Doctor Heiges is a son of Mrs. E. Dale Heiges, of Biglerville.

Mr. and Mrs. John W. Burgoon, Littlestown, announce the birth of a son, John Willis, this morning in the Frederick hospital. This is their first child. Mrs. Burgoon is the former Miss Dorothy Crouse of Westminster, Md.

Winter Lashes Country  
From Rockies To Texas

(By The Associated Press)  
Winter lashed out bitter cold and winds of gale force over a wide section of the country today and the chill was felt from the Rockies to the Texas panhandle.

From eastern Wyoming and Montana to northern Illinois temperatures tumbled to below zero as a new cold wave spread over the plains states. The mass of cold air moved to the Ohio valley and the lower Mississippi valley and the mercury dropped to below freezing throughout the southwest.

The frigid blasts, while expected to moderate, were on their way to the Atlantic seaboard. But another night of sub-zero readings was forecast for most of the midwest.

Near-blizzard conditions prevailed in the Lake Superior section of Minnesota and northern Wisconsin after the cold wave and winds of gale force moved from the Red River valley of Minnesota across Lake Superior last night. There were no

heavy falls of snow in the cold belt but there was considerable blowing and drifting of last week's deep snow.

Temperatures in the sub-zero zone fell rapidly, between 30 and 40 degrees within 12 to 15 hours in many areas. In Chicago the early morning reading was zero as compared to a high of 41 yesterday afternoon. Similar drops were reported in several areas.

Near Sioux Falls, S. D., 100 automobiles carrying an estimated 200 persons caught in the snow-drift storm, were liberated from drifts on a 20-mile stretch of highway. Many of the motorists had been snow-bound for several hours as the winds of 50 miles an hour tossed snow onto the highway.

The storm also affected food prices in wholesale markets. Dealers expecting a curtailment of commodities from farms to cities increased buying in butter, eggs, livestock and grains and prices advanced.

C. C. Directors Vote  
\$50 To Boy Scouts

Fifty-two Gettysburg merchants have renewed their membership in the Gettysburg Chamber of Commerce for the coming year. It was announced at the monthly meeting of directors Monday evening in the Chamber offices in the Kadel building.

William G. Weaver, chairman of the membership committee, said he hopes to secure at least one hundred members this year to exceed last year's roster of 90.

The directors voted \$50 to the Boy Scout drive and discussed plans for a membership dinner some time this month or early in March; a retailers' meeting for some time this month and Farmers' Day next fall.

A resume of Chamber activities last year is published elsewhere in today's edition.

POST SETS 1,500  
AS MEMBERSHIP  
GOAL FOR 1947

A membership of 1,500 was set as a goal for the Albert J. Lentz post of the American Legion at its regular meeting Monday evening in the post home on Baltimore street.

Those present urged that members now delinquent in their dues immediately pay the annual \$3 sum so that the post can get back to its high point of 1,362 members and then begin the drive for the remaining 148 needed to reach the new membership goal. Already 923 members have renewed their memberships and 11 new members were accepted by the post Monday evening.

"We had the largest delegation in the 22nd District at the recent meeting held in York," Adjutant Harry D. Ridinger told the post, "which would argue that we have the largest post in the district. We may not be the biggest post in the district at present, but there is no reason why we cannot be the biggest."

**Diamond Uniforms Ordered**  
Building Committee Chairman William T. Timmins, Sr., added that "renovation of the post home is continuing rapidly and with more help it can be soon completed. Any veteran who wants a job helping in the work can have one by applying either to me or to the contractor. It doesn't matter whether the veteran is a member of the Legion or not."

Commander Edward Culp and Donald Baker, chairman of the Athletic committee, announced jointly that uniforms have been ordered for the baseball team the Legion hopes to put into action this coming summer.

Commander Culp pointed out that all dues were payable as of December 31, 1946, and that those who have not paid their dues by April 1 will be denied all privileges of the post until the dues are paid. "However," he added "I don't believe that the rules will have to be enforced against a single man. The enthusiasm shown by the members here tonight in setting up a goal of 1,500 for the post's membership, and the number of activities being carried out, including a basketball team, the drum corps and the baseball team, among others, makes me believe that every man will have paid his dues by the end of this month and I believe that the spirit shown will lead to the goal."

COUNCIL GETS  
JANUARY DATA

Thirteen arrests were made by borough police during January, according to the monthly report of Chief of Police Robert C. Harpster, submitted to borough council Monday night. Nine arrests were for motor code violations and four for disorderly conduct.

The report said two automobiles were stolen, and both recovered. There were ten automobile accidents, with damage estimated at \$104.50. Parking fines collected totaled \$108.

The report of Borough Treasurer John H. Basehore showed a balance in the general fund January 1 of \$40,587.31 and a balance at the end of the month of \$34,187.83. Expenses for the month were \$9,154.08. Meter collections totaled \$2,754.60, divided as follows:

Center Square, \$386.35; Baltimore street, \$363.20; Chambersburg street, \$317.77; York street, \$248.49 and Carlisle street, \$140.26.

Burgess C. A. Heiges reported receipts of \$906.57, including \$40 from building permits, 75 cents for sewer permit, \$757.82 in theatre tax and \$108 in parking fines.

MOTHER CHARGED

Mrs. Mary Moser, Railroad street, charged by Gettysburg school authorities with a school law violation in failing to send a child to school, paid a fine of \$2 and costs before Justice of the Peace John H. Basehore, Monday night.

Borough Tax Rate Remains  
Unchanged Under Tentative  
Council Budget Of \$111,100

Borough council, at its regular February meeting Monday night at the engine house, adopted a tentative budget totaling \$111,100 which will leave the tax rate unchanged from last year, increased the salaries of Chief of Police Robert C. Harpster and other borough police officers and two other town employees. Council also referred to the safety committee three applications for patrolman, to fill the vacancy caused by the recent resignation of Officer C. William Zhea.

The tentative budget estimates revenues as follows: income from taxes, \$33,100; amusement tax, \$7,000; meters, \$10,000; miscellaneous, \$6,000; cash and bonds, \$55,000. In the estimated expenditure \$30,000 is allowed for operating expenses until the tax money is received. The following amounts are set down for various departments: highway, \$31,000; safety, \$17,000; sewers, \$15,000; water, \$2,000; light, \$7,000; fire, \$5,000; health, \$600; property, \$500; miscellaneous, \$3,000.

**Boost Police Officers' Pay**  
The budget will come up for final adoption at the next meeting of council March 3. The tax rate last year was 11 mills for the general fund and two mills for the special fund.

Council voted to increase the salary of Chief Harpster from \$2,400 to \$2,640, and salaries of patrolmen from \$1,560 to \$1,800. The raises are \$20 a month. Patrolmen have been receiving \$130 a month and will receive \$150, effective as of February 1. The pay of Special Officer Paul Shealer was increased from 60 to 75 cents per hour.

The amount paid Mrs. Ann Dracha, borough secretary, was increased \$5 a month, from \$300 a year to \$360, and that paid Borough Solicitor Eugene V. Bulleit was raised \$100 a year, from \$300 to \$400, both also effective February 1.

Three Seek Job Posts

In addition to salary increases for policemen, council also voted an allowance of \$50 a year for uniforms, and voted to send Chief Harpster to the FBI school in Washington, at a cost estimated at not to exceed \$500. Application will be filed for his attendance at the school later in the year.

Three applications received for the vacant police job were from Daniel P. Miller, 137 North Stratton street; Joseph Reaver, 142 West High street and Lloyd Stull, Biglerville R. 1.

The Rev. Dwight F. Putman appeared before council with a request that council and the school board take over the recreation program for youth in Gettysburg, and council agreed to have a committee meet with the school board to discuss the matter.

1065 Names On Petitions

"The borough council and the school board are the logical ones to work along these youth lines," Dr. Putman said. "The job was too much for the committee to solve adequately." He said 1,065 names had been signed to petitions asking the council and school board to take over.

A final list of proposed new street lights calling for 27 new ones in the borough, was approved and the Metropolitan Edison company directed to install them as soon as available. New traffic signals will also be installed when available.

Council received notice from the state that within one year all traffic lights must be changed to meet legal requirements, and that overhead lights must be replaced with corner post type. The state said an extension of time could be granted, however, if the lights were not available within the year.

Other Business

A complaint from Alfred Levan of rubbish and whiskey bottles in an alley in the rear of Breckenridge street was referred to the police and Borough Engineer LeRoy H. Winebrenner for checking. Members of the council will make their annual check of the streets Saturday, meeting at the engine house at 1 o'clock.

Requests for new sewers and lowering of existing sewers in Baltimore street and Franklin street were referred to the borough engineer to estimate costs.

Winebrenner reported that in digging for the new sewer in Steinwehr avenue, the excavating machine had run into old railroad ties under the surface, which, in being removed, had damaged the pavement. He was authorized to order a truckload of tar to make necessary repairs.

Will Teach Scouts  
Home Nursing Course

Miss Catherine Wagaman, Gettysburg school nurse, will teach a full home nursing course to the Senior Service Girl Scouts here, the members learned at a meeting Monday evening at the home of Emma Scott. The Senior Scouts will start their instruction next Monday and the course will last for the next 2 1/2 months. At the end of that time they will receive hospital aid merit badges for their work.

Following Monday evening's session the group went to the skating rink at Hanover where a surprise birthday party was held for a member, Violet Schwartz, who celebrated her 16th birthday Monday night. Plans to sponsor a skating party in March were discussed. The next meeting will be held Monday evening at 7 o'clock with Margaret Bushman, South street.

HOSPITAL REPORT

Mrs. Charles Glass, Taneytown R. 2; Mrs. John M. Hock, Jr., college campus, and Mrs. S. Gray Bigham, Biglerville, have been admitted as patients to the Warner hospital. Those discharged were Mrs. Carroll E. # MARSHALL TO AID PROBE OF FOREIGN POLICY

Washington, Feb. 4 (AP)—Congress got a pledge of cooperation from Secretary of State Marshall today in its examination of American foreign policies and methods.

The House Foreign Affairs Committee proposes to make the inquiry. It sent Marshall a copy of a resolution of inquiry it adopted. He replied with a letter promising to be as helpful as he can.

When it gets down to methods, the committee is expected to check up on the state department employees who are carrying out the policies laid down by President Truman and Secretary Marshall.

There have been outcries of concern on Capitol Hill that communists have obtained important government jobs, some of them in the state department.

**Other Developments**

No date has been set for opening the inquiry.

**Other congressional developments:** Continuing hearings on proposed new labor laws, the Senate labor committee got appeals from two auto industry officials that Congress break up what they termed union monopolies.

C. C. Carlton, vice president and secretary of the Motor Wheel Corp., said things are heading for the point "where the ordinary union workman is a slave to the powerful labor czars." B. E. Hutchinson, a vice president of Chrysler Corp., said there seemed to be a "rapid and dangerous" tendency toward "monopolistic control" of the labor movement.

**Study Leak Problem**

The House Commerce committee, looking into ways to improve safety of air travel, decided to seek the answer to this question: Are declining revenues forcing air lines to skimp on safety measures? It proposes to examine air lines finances later.

As reports circulated that Russia may have obtained some of this country's atomic bomb secrets, the Senate-Atomic committee planned to see what can be done to lock the door on further leaks.

Chairman Hickenlooper (R-Iowa) said the committee will take up the whole security matter soon with military experts and David E. Lilienthal, nominated as chairman of the Civilian Atomic Energy commission.

Hickenlooper declined to comment on reports that Bernard M. Baruch told a closed meeting of the committee some of this country's secret atomic information may have reached Russia.

# HOUSE TO PROBE GUILD TROUBLES

Washington, Feb. 4 (AP)—The House Labor committee has decided to look into differences between the American Newspaper Guild (CIO) and publishers which have led to several recent strikes.

Chairman Hartley (R-NJ) said he is interested particularly in the three-month guild strike against the Philadelphia Record and two Camden, N. J., newspapers. The newspapers were sold last week after failure to end the walkout.

"This unexpected development," said Hartley, "not only terminates the strike which began on November 7, 1946, against the Philadelphia Record, but apparently throws out of employment 600 members of the guild and 800 other employees."

The chairman referred to "the recent epidemic of strikes by the CIO guild" as presenting an "unexpected crisis."

J. David Stern, former publisher of the Record, accepted a committee invitation to testify. Hartley said the group also expects to hear from guild officials, Roy Roberts, managing editor of the Kansas City Star, and "other leading publishers."

Roberts said in Kansas City he had not received an invitation, adding: "I have no dispute with the guild and I know nothing about the committee's hearing."

**REELECT WEANER**

Roy Weaver, Gettysburg R. 4, was re-elected vice president of the Carlisle Production Credit association at a recent meeting of the board of directors. Roy E. Miller, Carlisle, was re-elected president, and Brooks P. Smith, Carlisle, was re-elected secretary-treasurer.

Washington, Feb. 4 (AP)—On the basis of experiments it is conducting, the Bureau of Mines predicts commercial production of synthetic gasoline in this country "within a few years."

Director R. R. Sayers said in his annual report today that industrial estimates based on new research developments place the cost of producing gasoline from coal or oil shale at from 7½ to 9½ cents a gallon, only a few cents higher than the cost from petroleum.

Crouse—Springer

Mrs. Christian Springer, Middle-town, Pa., and Vernon C. Crouse, Littlestown, were married Saturday in the parsonage of Trinity Lutheran church, Taneytown, Md. The single ring ceremony of the Lutheran church was performed by the pastor, the Rev. Glenn L. Stahl. The bridegroom is employed by the Eisen Engineering Works, Hanover. They will reside at 215 York street, Hanover.

**Deaths**

William G. Crouse

William Grant Crouse, 82, husband of the late Mary Catherine Clapsaddle Crouse, died at his home at Geesersburg, near Union Bridge, Sunday morning at 10:45 o'clock, after an illness of four weeks. Death was due to the infirmities of age. He was born in Carroll county, a son of the late Mr. and Mrs. William Crouse.

Surviving are a daughter and son, Mrs. Addie Crumbacker and Francis LeRoy Crouse, both at home; two grandchildren, a great grandchild; a sister, Mrs. Parr, Littlestown, Pa. Funeral services Wednesday afternoon, meeting at the late residence at 1:30 o'clock with further services at Mt. Union Lutheran church at 2 o'clock. The Rev. Charles Bix will officiate. Interment in the church cemetery.

**Inter Mrs. Ott**

Funeral services for Mrs. Charles W. Ott, 87, Emmitsburg R. 1, who died Saturday morning from a complication of diseases, were held this morning at 9 o'clock at St. Anthony's Catholic church, near Emmitsburg, conducted by the Rev. Thomas Rinehart. Interment in St. Anthony's Shrine cemetery.

The pallbearers were Joseph P. Paul, Charles, Lawrence and Richard Ott, and Charles Heagy.

**Mr. and Mrs. Harry Bender, Mrs. H. B. Bender and Mrs. Milton Bender** spent Monday in Baltimore where they visited Miss Louise Bender, a patient at Union Memorial hospital.

**Mrs. Lawrence Oyster** will entertain the members of the Tuesday Night Bridge club Wednesday evening at her home on Baltimore street.

**Mr. and Mrs. J. C. Arbogast**, Philadelphia, spent the week-end with the latter's brother and sister-in-law, Mr. and Mrs. Norman W. Storrick, and with her sister, Miss Nina Storrick, West Lincoln avenue.

**The Bandar-Log club** will meet Friday evening with Mrs. Raymond F. Sheely, West Lincoln avenue.

**The Culvert club** will meet Thursday evening with Mrs. Henry T. Bream, North Stratton street.

**William Chesnut**, secretary of labor and industry in Governor Duff's new cabinet, will be the principal speaker at a Lincoln Day dinner to be held by the Adams County Republican committee at the Hotel Gettysburg Wednesday, February 12, at 7 p. m., John H. Basehore, county chairman, announced today.

Other plans for the dinner are still in the formative stage, Chairman Basehore said. Tickets for the affair, however, are on sale and can be obtained at Mr. Basehore's office in the Murphy building, or from Mrs. Esther Hayberger, county vice chairman; Frank Slonaker, committeeman, or Robert A. Thompson and Allen Sharrar, assistant highway superintendents, at the state garage here.

# APPLE TAX BILL IS INTRODUCED IN LEGISLATURE

Harrisburg, Feb. 4 (AP)—A one-cent bushel levy on apples to promote Pennsylvania's apple-growing industry today was one of the first new tax proposals before the 1947 legislature.

Introduced in the House by an apple grower, Rep. George Goodling (R-York), the measure would set up a state apple board in the department of agriculture to advertise and conduct research in the Commonwealth's apple orchards.

Goodling said the bill has the "wholehearted support" of the State Horticultural association which called for the tax at its annual meeting held in conjunction with the State Farm show last month.

**For Fruit Industry**

Under a provision of the measure, revenue from the apple tax would be funneled exclusively to the board for "scientific research to develop and discover the health, food, therapeutic and dietetic value of apples and products thereof."

Additionally, certain of the funds would be earmarked "to plan and conduct campaigns of education, advertising, publicity, sale promotion and research for the purpose of increasing the demand for the consumption of Pennsylvania apples."

Board members would be named by the governor from a list of candidates submitted by the State Horticultural association.

## ALBRIGHT QUINT MEETS BULLETS HERE ON WED.

Albright's unbeaten leaders of the Western Division in the Middle Atlantic conference will oppose the Gettysburg college basketball team in the Eddie Plank gymnasium Wednesday evening.

The Lions, boasting one of their strongest teams in years, added another to their string Saturday night when they crushed Kutztown State Teachers' college 91-38.

While unbeaten in conference play, Albright has dropped a 41-40 decision to the strong St. Joseph's college quintet of Philadelphia and a 65-62 verdict to LaSalle. LaSalle gained a 67-48 win over the Bullets early this season at Philadelphia. The Lions also have a 59-46 victory over Lebanon Valley. Gettysburg defeated the Dutchmen here in the opening game of the season 49-43.

The high-scoring attack displayed by Albright all season has been well-balanced. Dairs, Gulden and Oxenreider have been starring in the forward positions, Guss at center, and Andian and Guensch, guards.

Coach Bream and his squad have high hopes of gaining their seventh victory at the expense of the Lions. After a ragged start the Bullets have come along nicely recently and are expected to give Albright a busy evening.

The undefeated Bullet junior varsity may receive its first real test on the court when it tangles with the highly-regarded Hershey Junior college quintet in the preliminary game at 7 o'clock. Coach Bloomingdale's outfit has won five straight games.

## Maroons Oppose Squires Tonight

Still smarting from the 39-25 lacing received at the hands of Delone Catholic at McSherrystown on January 14, the Gettysburg high Maroons will be out for revenge tonight when they meet the Squires on the local floor.

Coach Waleski's clan has been showing improvement with each week of play and will come here confident of repeating the triumph.

Tonight's contest will also give the Maroons an opportunity of reaching the 500 mark for the season. The locals have won six while losing seven games.

At 7 o'clock the jayvee teams will clash.

New York, Feb. 4 (AP)—Social notes: Owner Sam Breacon of the St. Louis Cardinals introduced one of his pitchers, Harry (the cat) Brecheen, to President William H. H. Roosevelt of the American League at a party here this past week-end.

Rocky Graziano had shed 10 pounds, from 165 down to 155, since he returned from his Florida vacation and began sparring with the district attorney's office. . . . Manager Mel Ott of the Giants believes Pete Reiser of the Dodgers can dust down to first a little faster than any other player in the game, but that Enos Slaughter of the Cards might pass him somewhere between first and home.

## ROCKY GRAZIANO TO TELL STORY TO COMMISSION

New York, Feb. 4 (AP)—Middleweight Rocky Graziano goes before the State Athletic commission today to explain why he failed to report a \$100,000 bribe offer to throw a fight that never was held.

The commission is scheduled to hear another fighter, welterweight champion Ray Robinson, Friday, Col. Eddie Egan, commission chairman said Robinson is being summoned to recount stories he told newspapermen that a stranger had offered him \$25,000 to withdraw from his scheduled fight with former champion Marty Servo last September 6.

The Robinson-Servo fight was cancelled later when Servo withdrew because of a recurrent nose injury. Later Servo retired and the title was declared vacant.

Commenting on the Graziano hearing, Egan said "there is no bias in truth or in fact" to reports that Graziano would be suspended for one year. There had been reports that Rocky would be ruled out of the ring and also that the suspension would be lifted immediately if he named the three men whom District Attorney Frank S. Hogan charges made the offer.

The attempt to have the East Side slugger "lay down" in his scheduled December 27 fight with cowboy Ruben Shank of Denver at Madison Square Garden was revealed a week ago by District Attorney Frank S. Hogan following a 12 to 15-hour grilling of Graziano.

## Simpson Collects 64 Points To Lead

New York, Feb. 4 (AP)—Cliff Simpson, center of the high-scoring Indianapolis Capitals, is the American hockey league's individual scoring leader.

The 23-year-old puckchaser tacked seven points to his mark during the past week by banging home five goals and drawing two assists to increase his output to 64 points, one more than garnered by Phil Hergesheimer of the Philadelphia Rockets and Cleveland's Bobby Carse.

Hergesheimer, player-manager of the Rockets, was the circuit's top scorer for six weeks while Carse, who tops the league in assists with 45, was tied along with Linemate Johnny Holota and the Caps' Les Douglas for third place a week ago.

Holota, the Circuit's top goal-getter with 37 markers, is in fourth place, two points back of Carse and two points ahead of Douglas.

## LARGER GATES ANTICIPATED BY STEELERS, BUCS

Pittsburgh, Feb. 4 (AP)—Western Pennsylvania sports fans, along with those in every section of the country, turned out in droves last season but they figure to be on hand in even greater numbers this year, especially where the football Steelers and the baseball Pirates are concerned.

The Steelers, after drawing a record 177,854 people through the gates in five home games last fall, already have sold 15,000 season tickets for this fall. There were predictions that the advance sale would fall off when Bill Dudley announced his retirement a week ago but they have not proved true.

Owner Art Rooney has plans for increasing the football seating capacity of Forbes Field to around 49,000. As it stands now only approximately 39,000 can be accommodated. The biggest turnout last fall was 39,060 at the game with the Washington Redskins.

Began With Greenberg  
The upswing for the Pirates began two weeks ago when the club purchased Hank Greenberg from the Detroit Tigers. Before the big slugger became Pittsburgh property, the advance sale of season tickets had reached \$85,000. Today it had soared to the undreamed of figures of \$201,000 with club officials thinking in terms of a 1,000,000 attendance for the 77 home games. Last year the turnout was over 700,000 with a seventh-place ball club.

The men who'll handle the Pirates and Steelers are not in the habit of losing. Billy Herman, manager of the Bucs, has finished in the second division only once in 19 years of major and minor league baseball. That was in 1940 with the Chicago Cubs.

Until the Steelers ended up last fall with a record of five victories, five defeats and one tie, teams coached by Dr. Jock Sutherland never had dropped more than four games in a season. He had a seven and four record with the Brooklyn football Dodgers prior to the war but his college elevens at Lafayette and the University of Pittsburgh never knew what it was to lose more than three times in a season.

Overflow Court Crowd  
University of Pittsburgh athletic officials, who at the start of the season were figuring ways of handling 8,000 students and the general public in a gym seating 2,600, will have their first capacity house for basketball Saturday on that occasion the all-winning West Virginia Mountaineers will tangle with the hot-and-cold but mostly cold Pitt Panthers.

Dr. H. C. Carlson, Pitt coach, has an aggressive bunch of little players who can work his figure eight of fence to precision, while Lee Patton's Mountaineers are not only aggressive but they are tall.

The top court attraction of the country right now would be West Virginia vs. Kentucky. And who knows, come tournament time in March, that such a game may come to pass either in NCAA competition of New York's invitational affair.

## Mountaineers Seek 26th Straight Win

Morgantown, W. Va., Feb. 4 (AP)—West Virginia's Mountaineers, one of the six unbeaten college basketball teams in the country, goes out tonight for its 26th straight triumph on its home court with Morris Harvey expected to be the victim.

Coach Lee Patton's quintet hasn't been beaten in its own ballcourt since Pitt turned the trick at the end of the 1944 season. The Mountaineers have won ten games this season.

Dr. H. C. Carlson, Pitt coach, has an aggressive bunch of little players who can work his figure eight of fence to precision, while Lee Patton's Mountaineers are not only aggressive but they are tall.

### FIFTY YEARS AGO

Installation: The exercises attending the installation of Rev. D. W. Woods, Jr., as pastor of the Presbyterian church of this place, on Friday evening were of a very interesting and impressive character. A large congregation assembled in the audience room of the church and chairs were brought to seat those who were not able to be otherwise accommodated.

The devotional exercises were conducted by Rev. W. S. Van Cleave and Rev. H. C. Alleman.

Rev. Van Cleave stated to the congregation the unanimous call of Rev. D. W. Woods, Jr., as pastor and reported the action of the Presbytery in reference to the call and installation. Rev. William M. Paxton, D.D., LL.D., of Princeton University, was chosen to deliver the sermon of installation. Rev. Dr. J. A. Crawford, of Chambersburg, to deliver the charge to the pastor, and Rev. Dr. S. A. Martin, President of Wilson College, the charge to the congregation.

After the singing of "Blest Be the Tie That Binds," the Benediction was pronounced by the Pastor.

**Fine Sleighing:** With the six or seven inches of snow that fell during the earlier part of the week, the sleighing was excellent for several days, and all who had the opportunity enjoyed it.

The inevitable racer appeared as usual to the annoyance and danger of pedestrians.

**Marriages:** Haugh-Sterner—January 27, at Mountjoy parsonage, by Rev. W. G. Minnick, Jesse M. Haugh, of Frederick, Md., to Miss Dora I. Sterner, of Freedom township.

Himes-Naylor—January 21, at Meals Cross Roads, by Rev. N. Young, George W. Himes to Miss Louisa E. Naylor, both of Huntingtown township.

Irwin-Mickley—January 27, in this place, by Rev. H. S. Christ, John C. Irwin, of this place, to Miss Blanche Mickley, of Hamiltonban township.

Millhimes-Crouse—February 4, at Littlestown, by Rev. Edward E. Blint, John E. Millhimes to Mrs. Lucy A. Crouse, both of Mountjoy township.

Weiser-Mullen—January 28, in this place, by Rev. George M. Glenn, Samuel H. Weiser, of this place, to Miss Catherine M. Mullin, of Alga, Penna.

**Local Miscellany:** The "Hard Times Social" given at the home of Dr. E. S. Breidenbaugh on Tuesday night was a delightful affair and, notwithstanding the inclement weather, was attended by a large number of people and was quite a success. The amount realized was \$50, which is to be added to the Improvement Fund of the young people's society of Christ Lutheran church.

Andrew Ramer, of this place, has purchased the unexpired lease of the Mansion House at Fairfield, from William H. Gelbach. The former will take possession on April 1. Mr. Gelbach expects to remove to his farm near Fairfield and engage in farming and burning lime.

Class No. 36, of St. James Lutheran Sunday school, of which Edward Wolf is teacher, held their second annual banquet on Friday evening, January 29, at E. H. Minnick's.

**Shooting Accident:** On Saturday evening, Harry, eldest son of John Koch, of West Middle street, met with a painful, and what might have been a fatal accident. Koch, in company with Charles A. Beck were discussing in a friendly manner the quality of a Flobert rifle, when Koch remarked to Beck in a joking way that he (Beck) could not bury a ball in his face with it. Beck, thinking the rifle not loaded, raised and aimed it directly at Koch's face when it accidentally went off, the ball entering Koch's right cheek just below the eye. Dr. T. T. Tate was called in and probed for the ball but failed to locate it. . . . It was a miraculous escape and should be a lesson to others who so frequently fool with fire-arms "supposed" to be unloaded.

## Today's Talk

By GEORGE MATTHEW ADAMS

### BACK YARDS

I have been traveling on a train recently, and I have had a wonderful opportunity to look into the back yards of people's homes. A few were clean and with a neat arrangement, indicative of a genuine home lover, but most were untidy, with all sorts of things piled in them, and used mostly for a convenient dump.

Back yards, especially in a city, are usually not large, but each offers an opportunity for beauty that can easily enhance the happiness of the ones who live in the home, and at the same time give to them a spiritual uplift in the open—with flowers about, or a small garden.

The back yard often reflects the character of the people who have the home in front. It is indicative of success, as well. The back yard can always be made attractive. It can be made into a patio, with walls about it, with vines in season, a sanctuary for birds, and a joy to children. And from it, for a great part of the year, the color and fragrance of flowers can give to that back yard a kind of holy retreat.

I got to thinking about these back yards, as my train moved across the country, and the thought came to me of the back yards in people's minds—yards where the unwholesome thoughts of people are dumped, and all too often unloaded onto the back-yard minds of others. On the other hand, these back-yard minds can also be like the back yards of homes where beauty is arranged—where the rarely spoken thoughts are stored, on which we all meditate at times, or confide to the understanding.

People with unclean and untidy back yards shrink from showing them to friends and visitors, but those who have made them beautiful and inviting take pride in showing them. I visited one of these today, and it was like a poem—a retreat place—from the little annoyances of the day—a place of healing and hope.

Often it is the back yard that sells the home and puts it in competition! That's the sort of competition that uplifts the home owner as well as the community.

Tomorrow Mr. Adams will talk on the subject: "Levelers of Life"

WINTER

This is the weather  
The rich run away from  
And gather together  
In comfort to stay from.

A north blizzard blowing,  
Roofs icicle-dripping,  
The street traffic slowing,  
Pedestrians slipping.

The mercury falling,  
The milk bottles frozen,  
The car engine stalling,  
And chilblains the toes on.

Winter! the season  
The rich pack and hike it,  
But which, for good reason,  
The poor stay and like it.

## WEAPON AGAINST KLAN PROPOSED IN LEGISLATURE

Harrisburg, Feb. 4 (P)—A new Pennsylvania law to force the immediate disbanding of any organization "that discriminates in the matter of race, creed or color" was proposed today by Sen. John H. Dent (D-Westmoreland) in state Legislature.

Declaring he was "definitely" thinking about the Franklin county Klu Klux Klan, the Senate minority leader offered a measure in the Senate making officers of subversive organizations subject to \$3,000 to \$10,000 fines and five to 20 years imprisonment.

In addition, it would make it a misdemeanor to remain a member of such organizations 20 days after the bill's enactment into law, making them subject to fines ranging from \$500 to \$2,000 or six months to three years in jail.

**Hits Communists Too**  
"It would apply to any subversive organization—Communist or Fascist," Dent stated. "It is the only law presented to the state Legislature which really hits such groups."

He said the Franklin county KKK is the only organization of its type that has "come out in the open," adding he was "trying to avoid bringing into Pennsylvania conditions that now exist in Georgia."

Only recently, the Franklin county Klan, in a paid newspaper advertisement signed by its self-styled exalted cyclops H. L. Shaffer, of Chambersburg, announced it was not amenable to the corporation laws of any state.

Dent's measure would not only bar formation of new organizations based on race discrimination "for subversive purposes" but also provide for the confiscation as a fine of all the assets of any existing organization "which does not dissolve immediately."

Rep. Morris Root (R-Phila.) proposed another law in the House which would make it illegal for any person or group to libel others because of race, creed or color, explaining to newsmen the measure is aimed "to a certain extent" at the KKK and similar organizations.

## STRIKE IDLING 3,500 IS ENDED

Pittsburgh, Feb. 4 (P)—A five-day-old unauthorized strike of 18 plant railroad workers which had idled 3,500 workers at the Jones and Laughlin Steel corporation's Alliquippa works and disrupted contract negotiations between the firm and the CIO-United Steelworkers ended today.

Bert Hough, director of District 20, USW said the workers on the intra-plant line returned to work beginning with the midnight shift last night.

Hough added that the contract negotiations, interrupted yesterday on the firm's refusal to continue wage-and-hour talks until the railroad was running, will be resumed tomorrow.

### SCHOOLMAN QUILTS

Coatesville, Pa., (P)—Dr. Henry R. Vanderslice has resigned as superintendent of public schools in Coatesville, stating he plans to retire from school work after holding the superintendent's post in Alliquippa eight years and here for 17 years. The resignation is effective July 1.

### PUBLISHER DIES

Kansas City, Feb. 4 (P)—Earl McCollum, 58, president of the Kansas City Star company, died today. Active in early negotiations to end the recent strike of a group of contract carriers which halted publication of the Star for 16 days, he became ill about a week ago.

## Littlestown FIREMEN WILL HEAR YORK CHIEF

The regular monthly meeting of Alpha Fire company, No. 1, will be held this evening in the fire engine house at 7:30 o'clock. L. Ellis Wagner, chief of the York Fire department, will give a talk.

The Lions club will hold its semi-monthly meeting Thursday evening at Banker's restaurant. The membership committee, composed of Ralph Staley and Reid Epplenman, will have charge of the meeting.

The Ocker-Snyder post of the American Legion will meet Thursday evening in the post home.

Mr. and Mrs. Claude Hutchinson, Hershey, spent the week-end at the home of their son-in-law and daughter, Chief of Police and Mrs. Leon H. Gage.

A birthday party was held Sunday night by Mr. and Mrs. Raymond Geisler in honor of their son, Richard. He was a recipient of many gifts. Refreshments were served to the following: Mr. and Mrs. George Griffin, Mr. and Mrs. L. Pressler, Bonneville; Mr. and Mrs. William H. Renner, daughters, Shirley and Mary; Richard Little, Jr.; Richard Mehring; Mr. and Mrs. Raymond Geisler and son, Richard, Littlestown.

**Local Interest In Magazine Feature**  
Dr. James Lukens McConaughy, governor of Connecticut and a descendant of a Gettysburg family, is featured in the current issue of Life magazine, which devoted three pages to the ceremonies surrounding his inauguration.

Governor McConaughy is a son of the late James McConaughy, who was born here March 30, 1857, a son of David and Leana (Mathews) McConaughy, and who attended Gettysburg college, graduating in 1875.

The Life magazine story relates the history of the Governor's Guard of Connecticut which since 1771 has escorted the governors of that state at their inauguration. The series of pictures and text concludes with a full page picture of Governor McConaughy, who is Connecticut's 58th chief executive and who holds 12 university degrees. The governor is a former teacher of education and president of Wesleyan university.

While McConaughy was president of Wesleyan university at Middletown, Conn., W. W. "Bill" Wood, formerly of Gettysburg, was football coach there.

## STATE YOUTH COUNCIL URGED

Harrisburg, Feb. 4 (P)—Establishment of a Pennsylvania Council for Children and Youth to fight juvenile delinquency is proposed in the state Legislature.

Rep. Jeannette Dye (R-Mercer) offered a measure setting up the council with the backing of the Pennsylvania Federation of Women's clubs.

"This bill is the outgrowth of the work done by the women's clubs in a two-year study and survey of community and county needs," Mrs. Dye said in a statement issued last night when the measure was introduced in the House of Representatives.

It would set up a 13-member council including the state secretaries of welfare, health, public assistance, labor and industry, the superintendent of public instruction and the commissioner of the Pennsylvania state police. The seven other members would be named by the governor.

The council would have authority to coordinate work aimed at preventing delinquency and conduct research.

Other new measures would: Require lobbyists to file statements of aims with Legislature or face fines up to \$1,000 or six months in jail—Sen. Elmer Holland (D-Allegheny).

Place members of the Legislature on a \$2,400 annual salary instead of the present \$3,000 every two years and double mileage rates to 10 cents a mile—Sen. John J. Haluska (D-Cambria).

we all know of mistakes that were made," he asserted.

### Psychological Weapon

Speaking of the importance of the morale of the fighting men and civilians in war-connected countries, Doctor Smoke said the importance of morale was much more fully understood in the last war than in World War I. He described the flying bomb as "largely a psychological weapon" that had a greater effect on boosting German morale and terrorizing the English than in material damage.

In his reference to the early "war of nerves" in the past war, the speaker said that German propaganda was highly effective on the French troops in the Maginot line, once causing the removal of an entire regiment of French soldiers from the front—"a higher effective rate than field artillery has ever attained," he observed.

He told also of the attention given by the Allies in training men in quick perception and reaction and cited an instance in which lack of such training had proved costly for the Italians.

The speaker said that while it is admitted there is such a thing as "shellshock," actual concussion damage to a man's nervous system, most mentally upset combat veterans in the last war were found to be suffering from combat fatigue. Much was learned about treatment for combat fatigue—some of it being discovered by accident—and many cases responded to rest and a "talking-out" period.

### "War of Words"

Turning finally to the "war of words" waged by the Allies after learning and improving upon enemy propaganda methods, Doctor Smoke said the First Army used it with marked results in newspapers, on the radio, through mobile loud-speakers and other means in Normandy. In combat the purpose of the "war of words" was to bring surrender or to reduce the enemy's will to fight, he said, while in dealing with civilian populations its purpose was to develop favorable attitudes toward the Allies.

The Nazi propaganda system was well-grounded in human nature, the speaker observed. "They knew that if you tell a person one thing, repeat it often enough and prevent him from hearing anything contradictory, he can be made to believe almost anything."

Sixty-four Lions and guests attended the meeting with President Milton R. Remmel presiding.

As a result Denmark has great quantities of food—but little else. Only what is made or grown in the country is available in abundance. The Danes have no money to spend for imported articles because they cannot sell their main export—food," he declared.

Norway was described by the speaker as making recovery but Sweden is a world "all of its own."

# HAWAII MAY MAKE GRADE TO STATEHOOD

By JAMES MARLOW  
Washington, Feb. 4 (AP)—Hawaii wants to be a state and maybe it will make the grade this year, May-be.

At least its representative in Congress thinks Hawaii's chances for "some action" are better in 1947 than ever before.

Hawaii has tried to become a state ever since Congress made it a territory in 1900.

Joseph R. Farrington, Hawaiian delegate to Congress, says today:

"The chance for some action this year is more favorable than any time in Hawaii's history."

**Hearings First**

Before anything can be done, Congressional committees will have to hold hearings. Farrington expects one of them—the House Committee on public lands—to start hearings within a couple of weeks.

Hawaii—a group of Pacific islands 2,400 miles from San Francisco—was discovered in 1778 by Captain James Cook, an Englishman.

In the following years the representatives of many nations settled there with the natives.

**Queen Deposed in 1893**

By the middle of the 1800's Hawaii had its own laws and legislature, under a king. The ruling queen was deposed in 1893. A Republic was set up then. Congress in 1898 annexed the islands, and, in 1900, made them a territory, the last step before statehood. It's been a territory since.

It has a governor, appointed by the U. S. President; two Federal judges; a U. S. attorney and marshal; other officials connected with government departments; its own local laws and judges; its own elected legislature, with a 15-man Senate and a 30-man House.

And every two years it elects to Congress a delegate who can represent Hawaii there and introduce bills but who cannot vote. Delegate Farrington now is serving his third term.

**Machinery For Statehood**

By being a state, Hawaii would have two representatives and two Senators; it would get all the Federal benefits any state gets; and it would elect its own governor.

The civilian population is about 520,000. Hawaii has 6,000 square miles of land, more than Rhode Island and Connecticut together.

For Hawaii to become a state, this would have to happen:

Congress would pass an act telling Hawaiians to draw up a state constitution. When the Hawaiians approved it by vote, it would come here.

Then it would be up to Congress to approve the constitution. If it failed to do so within a certain time, the president could approve.

Hilo, Hawaii, (AP)—Dr. William F. Leslie, medical director of Puuhale hospital, says he is going to become a horse and buggy doctor.

Last April his car was wrecked by the tidal wave. Its replacement was destroyed by the storm waves of Jan. 4.

A third car arrived by ship. As it was being unloaded the sling broke and the car was ruined by a 20-foot fall.

There was a record number of infantile paralysis cases in the United States in 1946—24,000.

A landslide caused by heavy rains crushed this Lake Washington house at Kirkland, Wash., and buried Allison Bicanic, 12, and her three-year-old sister, Judy Ann. The children's parents, Mr. and Mrs. Nicholas Bicanic, escaped without injury. Crews dragged the house to one side to dig for the bodies in the debris. (AP Wirephoto)

## Cow Testing Report

There were 19 herds tested, with 26 days worked in January; 441 cows in milk; 154 cows dry; two cows sold for dairy purposes; 117 cows sold for non-dairy purposes; four cows bought; 94 cows produced over 40 pounds of butterfat; 33 cows produced over 50 pounds of butterfat; 119 cows produced over 1,000 pounds of milk; 62 cows produced over 1,200 pounds of milk. Charles F. Klinger, tester, reported.

Following are the ten highest producing cows in butterfat for the month:

### Notes On Growing Annuals

Flower growers who neglect to make full use of the ever-ready and economical annuals are missing many of the benefits this large group of ornamentals offer. Annuals are, in fact, the beginner's mainstay and the experienced grower's most useful plant ally.

Petunias come first on the list because seed should be sown under glass in early February for extra early plants to use in window and porch boxes. There are numerous colors and shades and several interesting and beautiful forms.

Ageratums are not only desirable for their consistent blooming all summer but they bring one of the few beautiful shades of blue to the home grounds. They are ideal as a border and bedding plant, growing from 4 to 8 inches tall. They are very hardy and seed can be sown quite early.

The old-fashioned morning glory is year after year winning new laurels. Watch for new varieties under the name Ipomea. The Heavenly Blue and Scarlet O'Hara are particularly desirable.

Alyssum is unexcelled among edging plants, low-growing and hardy. Like ageratums, alyssum can be sown quite early. It is often used effectively with ageratums, lobelia or dwarf marigold.

Anchusa is also worth consideration among hardy annuals. Plants

grow about 2 feet tall and bear attractive flowers all summer.

Several worthy rust-resistant varieties of Snapdragons are now available, in several shades and colors. Perhaps no other annual brings so much beauty as this old favorite. Look for this plant in seed catalogues under the name Antirrhinum.

There are so many deserving asters among annuals that the list must be studied by the individual grower to determine just how many may find places in the annual garden. The same can be truthfully said of the zinnias and marigolds.

If a relatively small annual vine is needed to cover a trellis, dead tree trunk or to serve as a screen or wall cover, the Canary Bird vine or the Balloon vine calls for recognition.

Both perennial and annual phlox should be included among lawn and garden ornamentals. Annual sorts can be grown from seed sown quite early in the spring and perennial phlox is easily started from root divisions or nursery plants set out after the danger of freezing weather is past.

The Celosias (Cockscomb) include several interesting as well as attractive flowers. Seed may be sown under glass in late February and plants later moved to their growing sites.

Many flower growers claim a gar-

den is not complete without some of the tall-growing Cosmos. They continue to furnish all-summer blooms if a few late-flowering sorts are grown along with the earlier ones.

If there is room along one side of the garden, a bed of Euphorbia (Snow-On-The-Mountain) imparts a sense of distance to the home grounds with its gray variegated foliage and flowers.

Despite its difficult name the Eschscholtzia (California Poppy) should be included among annuals. It grows about a foot tall and blooms from July until fall frosts come.

In addition to these few worthy annuals, growers should consider Acrocloniums, Amaranthus, Brachycomas, Calendulas, Clarkias, Cynoglossums, Four O'Clocks, Godetias, Gypsophylas (Baby's Breath), the annual Larkspurs, Lobelias, annual Lupines, dainty Mignonettes, Nasturtiums, the durable Portulaca and many, many others.

## 80-YEAR-OLD LADY'S RHEUMATIC PAINS GO! SHE PRAISES RHU-AID

Recently an 80-year-old lady living near here stated that she almost suffered death with rheumatic pains in her whole right side. When she tried to walk she would simply flinch with agony and says she had become just a "bundle of nerves" due to her long period of suffering. She bought all kinds of medicines but nothing seemed to work on her until she got RHU-AID. She states she was amazed at the results when she got this medicine. Now the rheumatic pains have gone from her entire right side. She can walk without suffering for the first time in years and says her nerves are "strong as steel." She feels like a new woman.

RHU-AID is the new liquid formula containing three valuable medicinal ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! ## NATIONS TALK ABOUT PLANS ON DISARMING

By J. M. ROBERTS, Jr.  
(AP Foreign Affairs Analyst)

The United Nations Security Council is talking today about how to talk about disarmament and atomic control.

Russia wants to talk first about general disarmament and come to atomic control in the course of implementing some general policy.

The United States wanted the atomic matter settled first, but is now seeking to compromise by establishing a commission to study disarmament aside from atomic or other mass destruction weapons, with the Security Council then to devote itself to the U. S. atomic plan. This suggestion is not expected to make much headway.

Several nations are reported determined not to do anything to implement agreements on disarmament, atomic control or anything else until the U.N. has set up general security machinery. They want an early report from the military staff committee on plans for an international police force.

**Some Logic**

The Russians have some logic on their side in pressing for adoption of a general disarmament program under which it will then be decided what to do about atom bombs, bacteriological warfare, naval strength, armies and other individual ingredients of warfare. Many observers have pointed out that any agreement which would really control the A-bomb would apply equally as well to the control of war itself, and vice versa. They don't think that either will be controlled without the other.

But an argument over general disarmament gives the Russians a better chance to play their role of peace-making white knights before the small nations. Some of the other nations have grown tired of watching this. For the real contest between the East and West for a long time has been over which side shall obtain or retain the backing in world councils of the smaller nations.

Quite probably the Russians know that the United States cannot get down to cases quickly on disarmament. There is every indication that we have not arrived at any policy on the subject. Neither, so far as is known, have other governments. No one has a plan to submit. The Russians are merely calling on the Security Council to sit down and devise one.

On the other hand, definite lines of action have been drawn on atomic control. Everybody has agreed to it except the Russian bloc. Knowing that we are not going to use it on them unless they commit some overt

## Health Authorities Close Restaurant

Pittsburgh, Feb. (AP)—An Ellsworth avenue restaurant was closed by city health authorities yesterday when they received reports that a garage mechanic died suddenly and two fellow employees became ill after eating there.

Less than an hour after the three men ate lunch in a small cafe near the Yellow Cab garage where they worked, Edward J. Cunningham, 40, collapsed while driving a tow truck. He was dead on arrival at Shadyside hospital.

Albert Clevenger, 32, and Robert Lincoln, 26, suffered from cramps and nausea and were sent home after treatment at West Penn hospital.

City officials took food samples from the restaurant, operated by Louis Torlidas, and ordered an autopsy performed on Cunningham's body. They said the restaurant would remain padlocked until the investigation was completed.

George E. Kaiser has sold his 20-acre farm with its stock, machinery and crops to Walter J. Goldsmith, Rego Park, L. I., N. Y. The property is located in Cumberland township along the Ridge road about five miles southeast of Gettysburg. Possession is to be given February 25. C. A. Heiges made the sale.

## Gas...the magic fuel...solves

Why can cook book cookery be such a mystery—particularly for younger cooks? It's so exasperating to follow the directions of an inviting recipe right down to the letter and then have the cake fall flat, or the roast wither and shrink, or the pie turn soggy and sag.

When fancy dishes flop, do you ever ask: "Who dunnit?"

You can't pin the crime on the butler . . . so Mama blames the cook book and Papa suspects the cook, but the real culprit is very likely to be incorrect timing and temperature control.

**THE SOLUTION:** You'll have the clue to easy, effortless cooking when you see the new gas ranges. The instantaneous gas flame gives you quick selectivity of proper heat and then uniform temperature cooks as it should.

When the cook book calls for an oven heat of 350°, or 200°, or 500°—just set the thermostat and rest assured that the spacious gas oven will cook evenly throughout and at just the right temperature.

When the cook book specifies quick pre-heating, or tells you to quickly bring to a boil . . . you have the new, high-speed giant burner to do your bidding. Or when modern cooking methods instruct you to cook vegetables very slowly in just a little water . . . use the handy simmer burners. And again you have quick heat selectivity at your fingertips when you give meat that delicious flame flavor in the big, smokeless gas broiler.

It's easy to follow cooking instructions when you cook on a modern gas range. So see these new gas ranges now on display at your Gas Appliance Dealer's or at your Gas Company Office. Place your order now to be certain of earliest possible delivery.

## EMMITSBURG TROOP TO MARK BOY SCOUT WEEK

Emmitsburg—At the meeting last week of the Scouts of Troop No. 284 of Emmitsburg, plans were completed for their part in the celebration of Boy Scout Week, February 7 to February 13. Scouting in the United States will celebrate its 37th anniversary during that week with February 9th designated as Scout Sunday.

The troop will sponsor a window display of Scout craft in Emmitsburg. Scout literature, handicraft and posters will make up the display. On Tuesday, February 11, the Scouts will journey to Frederick to attend a Scout fair and exhibit to be held at Winchester hall. Parents of Scouts are invited to attend this event. The highlight of the evening will be a radio broadcast over Station WFMD, Frederick, which the Scouts themselves will perform, for rebroadcast the following evening. The title of the fifteen minute broadcast is "A Scout is Obedient." The cast will include, George Greco, William Sterbinsky, Donald Rodgers, Richard Topper, and Robert Jordan. The director is Assistant Scout Master, Raymond Wood.

On February 13, as a climax to Boy Scout Week, the troop will go to Frederick to attend the annual Parent and Scout dinner at the Calvary Methodist church. Featured at the dinner will be a Court of Honor and a new scouting film. The troop will also sing their newly composed troop song. The troop will be represented at the Court of Honor with practically all Scouts advancing.

Sponsored By Lions  
A Board of Review will be held Thursday night, February 6, for all Scouts going up for advancement. Also Thursday night 10 new Scouts will be invested into the troop. They will receive their tenderfoot pins.

A hike was held last Saturday to complete any outdoor test that remained and also to finish handicraft projects for the window display.

Troop 284 is sponsored by the Lions club of Emmitsburg. Dr. John J. Dillon, Jr., professor of English at Mt. St. Mary's college, is chairman of the troop committee. Jack Rosensteel is scoutmaster. Raymond Wood and Anthony Polacco, both freshmen students at the Mount, are assistants.

Scouts are asked to start Scout Week by attending their respective church in uniform on Sunday, February 9.

**Form Parents' Group**  
Twenty-two mothers of the boys' and girls attending St. Joseph's high school met in the high school auditorium Sunday afternoon with Sister Josephine, Superior, for the purpose of organizing a Parent-Teachers association or Mothers' club.

Those present were: Mrs. C. D. Stouff, Mrs. Richard McCullough, Mrs. Henry Gerken, Mrs. Charles Hobbs, Mrs. Roy Wivell, Mrs. Quinn Topper, Mrs. Bernard Boyle, Mrs. Andrew Jordan, Mrs. George Rosensteel, Mrs. Hubert Joy, Mrs. Fred Timmerman, Mrs. Dominic Greco, Mrs. Norman Adams, Mrs. Clarence Sanders, Mrs. Leonard Sanders, Mrs. Edgar Mullen, Mrs. James Bouey, Mrs. Ernest Wetzel, Mrs. Charles Lingg, all of Emmitsburg, and Mrs. Joseph Cool and Mrs. Roger Topper, of Fairfield and Mrs. George Wenschoff, of Zora.

The meeting was opened with a prayer by Sister Josephine who followed with a talk on the purpose of the association. She then introduced Sister Mary Louise, vice-president of St. Joseph's college, who explained in detail the object of the organization.

Election of officers followed. Mrs. Leonard Sanders was elected president; Mrs. Edgar Mullen, vice president; Mrs. Bernard Boyle, secretary; and Mrs. Dominic Greco, treasurer. Mrs. Sanders appointed the following committees: Publicity, Mrs. Bernard Arnold, of Taneytown; Miss Ellen Rodgers, teacher at the high school and Mrs. Marie Rosensteel, reporter for the daily incoming papers; Ways and Means committee, Mrs. Henry Gerken, chairman, assisted by Mrs. Richard McCullough, Mrs. Charles Hobbs and Mrs. Quinn Topper.

It was agreed by those present that the dues for membership would be set at \$1.00 a year. It was suggested that the fathers join in the meetings. This will be voted upon at some future meeting.

It was also suggested that the boys of the school should have some training in athletics and therefore the ladies were asked to learn if some basketball equipment could be erected in the back of the school building. Father Francis Stauble explained that the old orchard in the rear of the school building could be converted into a baseball diamond.

It was decided to hold meetings on the first Sunday of every month at 2 o'clock in the afternoon. The next monthly meeting to be March 2.

## SCAN STATE'S MONEY NEEDS

Harrisburg, Feb. 4 (AP) — The General Assembly's special committee, scanning Pennsylvania's financial needs, looked today into the question of how much money some state departments may need to finish out the current fiscal period.

Promising completion of its second report on Commonwealth fiscal affairs during the day, Sen. Weldon B. Heyburn (R-Delaware) Senate president and committee chairman, said "some departments are apparently going to need" additional funds.

Heyburn explained the eight-member group met with Dr. Edward B. Logan, state budget secretary, yesterday and called another session for today to prepare a second report to Governor Duff.

Duff had asked a complete survey of the financial question by the Legislature after announcing the state faces the prospects of a \$70,000,000 to \$80,000,000 deficit in the next biennium without adding new services because of increased costs and declining tax revenues.

**GAS SERVICE IS CURTAILED**  
Pittsburgh, Feb. 4 (AP) — With a bitter cold wave scheduled to hit the Pittsburgh district tonight, three gas companies serving western Pennsylvania announced 25 to 100 per cent curtailment of service to industrial concerns.

Hundreds of workers, principally in steel mills, were made idle and if the cold wave materializes, the number was expected to grow to 8,000 tonight.

The Manufacturers Light and Heat Co. began at 4 p. m. yesterday a 100 per cent shutdown on fuel to the 162 industrial plants it serves, with the shutdown fully effective last night.

The Peoples Natural Gas co. put a 25 per cent curtailment into effect yesterday and added another 25 per cent after officials of the firm saw the weather forecast. The company serves 100 plants.

Equitable Gas Co. began a 25 per cent reduction and said it would make further curtailment today to its 100 industrial customers if necessary to maintain a fuel supply to domestic consumers.

All three companies said homes will not be affected.

## COMPROMISE ON TAXES OFFERED

Washington, Feb. 4 (AP) — A tax cutting compromise which would give small income earners twice as big a percentage slash as those in the upper brackets was proposed to GOP leaders today by Chairman Allen (R-Ill.), of the House Rules committee.

Under Allen's scale, taxes on incomes up to \$2,500 would be pared 20 per cent; \$2,500 to \$5,000, 17 per cent; \$5,000 to \$10,000, 15 per cent; above \$10,000, 10 per cent.

The Illinois lawmaker estimated his proposal would mean an overall tax reduction of about \$2,750,000,000, compared with the \$3,350,000,000 loss of revenue under the 20 per cent across-the-board cut advocated by Chairman Knutson (R-Minn.), of the Ways and Means committee.

Meanwhile Chairman Taber (R-N.Y.), of the House appropriations committee declared the 1947 budget — covering the 12 months ending next June 30 — can be balanced if the War Assets Administration can sell \$1,000,000,000 of war surpluses in the next five months.

He made this statement despite requests by President Truman yesterday for \$2,169,114,500 more for the Veterans Administration and \$781,988 more for other agencies for this fiscal year.

The bulk of the requests was anticipated in Mr. Truman's budget message last month and the effect of the new appropriations on the 1947 budget will depend on how much is actually spent by June 30.

Treasury officials still estimate a 1947 deficit of \$2,300,000,000.

## MITSCHER 27TH TO DIE SINCE JAPS GAVE UP

By JAMES MARLOW

Washington, Feb. 4 (AP)—Death, which skipped them in war, has caught up with 27 top army, navy and marine men since the fighting stopped.

Of the 27 who died since Japan surrendered, 11 met violent deaths in accidents, nine succumbed to heart attacks, and seven died of natural causes.

They included some of the outstanding names of the war: Admirals Mitscher and McCain, and Generals Stilwell, Patton, Patch and Siltan.

**Famous Commander**  
Admiral Marc Mitscher, who died yesterday of a heart attack, commanded the famous Task Force 58 in the Pacific and at the time of his death commanded the Atlantic fleet.

Others were:  
Vice Admiral Willis A. Lee, Jr., 57. Heart attack. August, 1945. He commanded battleships in the Pacific war.

Vice Admiral John S. McCain, 61. Heart attack. September, 1945. He commanded Task Force 38 in the Pacific.

Vice Admiral Theodore S. Wilkinson, 58. Drowned when his auto went off a ferry. February, 1946. He commanded the 3rd Amphibious Force in the Pacific.

Rear Admiral Russell R. Waesche, 60. October, 1946. Natural causes. Was commandant of the U. S. Coast Guard.

Major General Leonard F. Wing, 52. Heart attack. September, 1945. Commanded 43rd Infantry Division, South Pacific.

**Patch Had Pneumonia**  
Lieutenant General Alexander M. Patch, 56. Pneumonia. November, 1945. Had commanded the 4th and 7th Armies in Europe.

Brigadier General Morris Berman, 54. Heart attack. November, 1945. Commanded base air depot of strategic airforces in Europe.

General George S. Patton, Jr., 60. Auto accident in Germany. December, 1945. Commanded 3rd Army in Europe and 7th Army in Sicily.

Brigadier General Truman E. Boudinot, 50. Throat infection. December, 1945. Was combat commander of 3rd Armored Division in Europe.

Major General James E. Parker, 49. Plane crash. March, 1946. Commanded Army Air Force in Middle Pacific.

Brigadier General Edward C. Betts, 55. Heart attack. May, 1946. Was judge advocate general in the European theater.

General Joseph W. Stilwell, 63. Liver trouble. October, 1946. Was U. S. commander in China-India-Burma theater.

Lieutenant General Dan I. Sultan, 61. Heart attack. January, 1947. Commanded U. S. forces in India-Burma theater.

Lieutenant General Roy S. Geiger, 61. U. S. Marine Corps. Natural causes. January, 1947. Commanded 19th Army at Okinawa.

Philadelphia, Feb. 4 (AP)—The feasibility of setting up a "stop-gap" college program by next fall pending the establishment of a free city college will be studied by a group of city and school officials and business leaders, it was reported today.

The interim program, if approved, would provide college courses at first and second year levels without tuition to students who are graduates of Philadelphia high schools.

There was had lunch on bits of chocolate and some Eskimo biscuits baked nearly 20 years ago, some candied pineapple from the top of a fruit cake, samples of canned Tuna fish, frozen apples tasting like baked apples and samples of powdered milk.

Admiral Byrd also found an unopened can of his favorite brand of coffee which he said he had been unable to buy back in the United States.

With him were three veterans of the 1934 winter — Dr. Paul Siple, Eric, Pa., Lieut. Comdr. Fred Dustin and Amory H. Waite, who led the rescue party to Byrd's advanced outpost and brought him back.

Archie Navulis (left), 12, and James Cossman (right), 13, were bound over to the grand jury in Waukegan, Ill., on larceny charges after Police Magistrate Clarence L. Brown said the youngsters dished out \$2,400 on a free and easy spending spree. Police said the money was part of \$4,000 taken from Matt Susman, a Waukegan shop owner. William Cossman (center), James' 11-year-old brother, was cleared of complicity in the case. (AP Wirephoto)

## ADMIRAL BYRD INSPECTS OLD CAMP QUARTERS

By ALTON L. BLAKESLEE

Little America, Feb. 3 (Delayed) (AP) — Admiral Richard E. Byrd slid down a snowy chute-the-chute into the crystal caverns of his first two Little America camps today — and found a forgotten and favorite corn-cob pipe.

He promptly lit up some old tobacco in the pipe and called it "good. Damned good."

It was a real polar homecoming for the veteran explorer who led expeditions in 1928 and 1933 to this site where a moving glacier is slowly crushing buildings of Little America one and two out of existence.

On his rediscovery trip, Byrd personally led a little group which included his own son, Richard E. Byrd, Jr., who had dreamed for years for such a day as this.

**Only Towers Visible**  
Byrd's first two Little America's sit one atop the other, six miles to the south of Little America III, the site of his 1939-1941 expedition.

Only the radio towers stand above the snow to mark the 1928 camp and the original buildings are buried under crushing ice and snow. His 1933-1935 camp was built on top of the old site and today we found part of it still intact.

We slid through one snow-filled tunnel into the library building. An adjoining science building was partly crushed in by ice pressure. Down an icicle-hung corridor Byrd found his old "shack" and the old corn-cob pipe complete with some tobacco.

"Good. Damned good," he said upon lighting the pipe. "Just the right dampness to the tobacco."

**20-Year-Old Lunch**

There we had lunch on bits of chocolate and some Eskimo biscuits baked nearly 20 years ago, some candied pineapple from the top of a fruit cake, samples of canned Tuna fish, frozen apples tasting like baked apples and samples of powdered milk.

Admiral Byrd also found an unopened can of his favorite brand of coffee which he said he had been unable to buy back in the United States.

With him were three veterans of the 1934 winter — Dr. Paul Siple, Eric, Pa., Lieut. Comdr. Fred Dustin and Amory H. Waite, who led the rescue party to Byrd's advanced outpost and brought him back.

## High Winds, Snow Hit Western Penna.

Pittsburgh, Feb. 4 (AP) — High winds and blinding snow ushered a new cold wave into western Pennsylvania today.

The fierce show squalls followed an hour's rainstorm. In one hour—from 7 to 8 a. m.—The temperature at Pittsburgh dropped nine degrees. At 8 a. m. it was 30. A low of five was predicted for tonight.

The weather bureau predicted about two inches of snow in Pittsburgh today. The cold spell, blowing in from the northwest, was expected to last three days.

The temperature drop prompted the Equitable Gas company to cut its gas supply to industrial consumers another 50 per cent — making a total 75 per cent cut — until the cold wave passes.

## ANONYMOUS TAX DODGER REMITS

Philadelphia, Feb. 4 (AP) — An anonymous wage tax dodger for the second time in less than a month has mailed four \$20 bills to receiver of taxes W. Frank Marshall.

Accompanying the money yesterday was a note advising Marshall to "please place the enclosed funds in the delinquent war tax fund."

Marshall said a similar note in the same handwriting and containing the same amount of money was received three weeks ago.

## PANACEA

Fort Worth, Tex., (AP)—A crisis of some sort is brewing in the life of an East Spencer, N. C., woman.

On a post card addressed to the Fort Worth Chamber of Commerce she wrote her terse appeal:

"Dear Sirs, please send me anything you have, Hurry up!"

She will receive a pamphlet, "The Story of Fort Worth."

## RIVER STEAMER FIRE KILLS 136 AT HONG KONG

Hong Kong, Feb. 4 (AP)—Fire swept the 1,700-ton Chinese river steamer Saigon at her wharf here early today, and officials announced that at least 136 persons were killed.

Many others of the 470 passengers and crewmen were missing. Authorities expressed fear that the charred bulk of the ship would give up even more bodies as the search was continued.

Many passengers, most of them Chinese, leaped overboard to escape the flames and some of them may have drowned.

The Saigon, which had been plying between Hong Kong and Canton, was carrying a highly inflammable cargo of cotton and paper, and the fire swept through the vessel with terrifying rapidity. Many of the steerage passengers were trapped below decks.

Unofficial reports circulated that sabotage was involved in the fire. Sources preferring not to be identified said they understood the owners of the Saigon had received a threatening letter. They speculated that terrorists blamed for 10 bombings of cafes, theaters and gold shops here in the last three months might be resorting to diversionary tactics. Company officials could not be reached for comment.

Every state in the United States grows corn.

No. 39 August Term, 1946. Action in Divorce.

Ordeen C. Blubaugh vs. Doris Virginia (Troxell) Blubaugh.

To: Doris Virginia (Troxell) Blubaugh, Respondent.

You are hereby notified that your husband, Ordeen C. Blubaugh, has commenced a divorce action in the Court of Common Pleas of Adams County, Pennsylvania, in which he prays for a divorce from you on the ground that on and since September 2, 1943, you have committed wilful and malicious desertion from the habitation of your husband, an injured and innocent spouse, without a reasonable cause for and during the term and space of two years and upwards. You are further notified that the undersigned has been appointed Master to take testimony of witnesses in this case and report the same with recommendations to the Court. For this purpose, the undersigned has set a hearing to be held on Tuesday, February 11, 1947, at 10:00 o'clock A. M., in his office on the second floor of the Minter Building, 44 Baltimore Street, Gettysburg, Adams County, Pennsylvania, at which time and place you may appear in person or by counsel and with such witnesses as you desire to testify.

DANIEL E. TEETER, Master.

## STUDY STATE BONUS PLANS

Harrisburg, Feb. 4 (P)—The House Military Affairs committee will study soldier bonus proposals "several weeks" before taking any action on a growing stack of plans for state grants to veterans, Chairman Baker Royer (R-Lancaster) said today.

The committee planned its first session during the day with consideration of Royer's own bonus measure, carrying out suggestions of veterans' organizations, high on its program.

"It will require a lot of discussion," Royer said. "Our committee will have to go into the bonus subject deeply before we can report out a bill."

**May Cost \$600 Million**  
The latest bonus proposal offered the legislature would authorize issuance of \$600,000,000 in bonds to finance it, provided it is approved at this and the next regular session of the legislature and finally by the public at a general election.

It was sponsored by Reps. William P. Kohl and Michael Demech (both R-Luzerne) who told newsmen it would provide enough funds for a flat bonus of \$400 for service in the states and \$500 for overseas veterans.

Royer's measure, introduced last week, proposes payments of \$15 a month for service overseas and \$10 a month for duty in this country, with a maximum of \$500 for any one veteran.

Sen. John J. Haluska (D-Cambria) introduced a similar measure yesterday in the Senate.

## Old Structure At Rocky Ridge Burns

Fire of unknown origin Sunday afternoon destroyed the old one-story frame building to the rear of the Brethren church in Rocky Ridge, Md., which was used in bygone days as a shelter for horses while the owners attended services in the church.

Firemen from both the Emmitsburg and Thurmont companies, summoned to the scene about 2:15 o'clock, kept the blaze from spreading to four or five homes which are located nearby. The flames, fanned by a high wind, quickly raced through the old building, which firemen estimated was about 85 feet long and still in good condition, although not in use in recent years.

The building it was understood, belonged to the Brethren church. Firemen theorized that the blaze might have started from a carelessly-tossed cigarette. There was no wiring.

Less than 100,000 miles of the 3,000,000 miles of U. S. highways are paved with concrete.
